1. Data source is the Airflow Newsletter, quoted in in the Airflow Club Technical Manual, "Production Figures. The data is represented as extracted from shipping tally sheets, and is said to be a better estimate than the earlier counts based on beginning and ending serial numbers.
2. Despite this tally, three CW cars were produced in 1937. These could have been unsold 1935 CWs reworked with 1937 front ends and external trunks. It is known that they went to the President of the Philippines, Milton Hershey of chocolate fame, and radio personality Major Bowes. Hershey's is gone, but the two others survive.

Famous Major Bowes 1937 Airflow CW. The trunk is visible in the rear profile
