## *Cups*

cause we all have questions!

For all the club members...especially in Southern California, Jack's Glass (11617 Ceder Avenue, Bloomington, CA 92316, phone number (909) 877-5860) has patterns for Airflow glass and he can make what you need. He has the patterns for most old cars. I got new glass for my C-17 from him.
