

★ MOTORING'S MOST EXCITING *Progress*

★ CHRYSLER SPEED AND PERFORMANCE
★ ★ ★ *in the Low-Priced Field* ★

Tomorrow's Cars Today The Airflow Chryslers give you a whole set of thrilling new driving sensations. A glorious sense of freedom and a new "lift" to acceleration... through the elimination of vacuum and wind drag.

The restful pleasure of seeing bumps in the road ahead seem to melt away under the car... jolts lengthening out into glides... the result of slower periodicity of spring action made possible by an entirely new distribution of weights. Nobody rides over a bouncing axle... both seats are in the middle of the car... near the center of balance.

The Airflow Chryslers are the roomiest, most luxurious motor cars you have ever seen. Riding in them is a zestful new experience... the most fatigue-free mode of travel you've ever known.

Sensational Chrysler Six It's the biggest kind of good news when a Chrysler sells as low as \$740 f. o. b. And what a car this low-priced Chrysler is!

A big handsome six with 93 horsepower (100 with optional aluminum head). The velvety smoothness of Floating Power engine mount-

ings. A smooth, cushioned ride with independently sprung front wheels. The convenience of a new inside luggage compartment. All the famous fine features that have made Chrysler engineering the talk of the industry.

Chrysler speed... Chrysler action... have always been something to talk about. But the new Chrysler Six and the Airflow Eights write a whole new chapter in motor car performance. Get

into a Chrysler... and let your own sensations be your guide.

1934 CHRYSLER SIX... 93 horsepower, 7 body types on 117-inch and 121-inch wheelbase. Priced from \$740 up. Four-door Sedan, \$820.
